

## One Week at Big Bear Vacation Home

Nestled into the trees and only a short walk from Big Bear Lake, this gorgeous Boulder Bay Retreat is a 3-bedroom, 3-bath architectural masterpiece. The finished home sleeps 8, and maintains the beauty of the natural wooded lot, designed with warm woods, concrete floors and steel trusses. The owners refer to the design as “urban rustic cabin.” The home was featured in the January 2004 issue of *Better Homes and Gardens* and in the spring 2006 *San Diego Home*. Most importantly, the house works! It functions as a great family and entertainment home, with an oversized fireplace and gourmet kitchen with all the trimmings (Subzero frig, Viking stove, dishwasher and convection microwave). The master bedroom features an oversized shower and steam. Though the house provides a great retreat from the modern world, it is wired for the connection ... three TV’s and DVD players and wireless internet access. The home is located between the dam and the Village in Boulder Bay. You will be a three-minute walk to the lake and walking distance to Pleasure Point Marina for boat rentals. (Some date restrictions apply)
